

Children's Defense Alliance

Is dedicated to bringing ALL of America's children home

for Parents and Guardians

Every Ten Minutes an American child is trafficked in the United States. 83% are American children.

As the founder of Children's Defense Alliance I ask you to join us in the fight to end this horrifying threat to America's children.

BE AWARE

Ask for the names and phone numbers of your children's friends and their parents.

Watch your children at play & when they accompany you on your errands.

Ask where your children are going and then verify with a phone call.

Remember to look for suspicious looking adults who may be lurking near children.

Educate yourself and your children. Learn what prevention measures you can take to help protect your children.

This heinous crime against America's Children needs to end *now!*

For more information please visit our website.

Thank you.
